

2788

Product Description

2788 is a double-sided tape with a synthetic rubber adhesive, a non-woven carrier and a white siliconized paper liner.

Performance Features

The tape is hand-tearable and has a good adhesion to low energy surfaces.

Applications

2788 is a general purpose laminating adhesive tape, especially suitable for reinforcing leather fabrics in shoes.

Technical information

Carrier	Non-woven
Liner	70 µm Siliconized paper
Adhesive	Synthetic rubber
Total Thickness without liner (mm)	0.1
Adhesion to Steel (N/25mm)	25
Rolling Ball (mm)	< 50
Shear resistance (hours)	> 168
Tensile Strength (N/25mm)	16.25
Temperatrue Range (°C)	Between -10 and +75

Important: The performance of all adhesive products is affected by many factors: heat, humidity, type of substrate, texture, inks used, and application technique. Our suggestions and recommendations concerning the use and application of our products are based on tests we believe are reliable. However, the purchaser must test the suitability of our products for his intended use under his own operating conditions. American BilRite Inc. Assumes no liability for claims beyond the replacement value of any defective products, and is no way for consequential or incidental damages. These products are not suitable for prolonged outdoor exposure.
