

# 306

## Product Description

306 is a semi-crepe paper based masking tape with natural rubber adhesive.

## Performance Features

Excellent for paint trade.  
Resistant to moisture and UV light.  
Ideal for outdoor masking.  
Orange colour allows for easy identification.

## Applications

Semi-crepe paper based masking tape for oven baking painting operations up to 80°C in car body repair and other lacquering applications in building (outdoor frames). Specially designed for 2 weeks outdoor exposition.

## Technical information

	<b>Typical Value</b>	<b>Test Method</b>
Backing	Semi crepe paper	
Adhesive	Natural rubber	
Colour	Orange	
Thickness (mm)	0.12	AFERA 4006
Adhesion to Steel (N/25mm)	6.5	PSTC 101
Tensile Strength (N/25mm)	75	AFERA 4004
Elongation (%)	10	AFERA 4005
Temperature Resistance (°C)	80 max	

Important: The performance of all adhesive products is affected by many factors: heat, humidity, type of substrate, texture, inks used, and application technique. Our suggestions and recommendations concerning the use and application of our products are based on tests we believe are reliable. However, the purchaser must test the suitability of our products for his intended use under his own operating conditions. American BilRite Inc. Assumes no liability for claims beyond the replacement value of any defective products, and is no way for consequential or incidental damages. These products are not suitable for prolonged outdoor exposure.
